An Introduction to Sociology 2005-04-29 how does a social work student make the connection between sociological knowledge and day to day social work procedures sociology for social workers provides an introduction to sociological ideas and research and places it firmly into the context of social work practice it takes the issues that sociology addresses and uses them to show how social work can be better informed and improved each chapter provides full referencing so that students and social work practitioners can follow up on primary sources to pursue and develop the most useful specific themes and ideas

**Introducing Sociology** 2016-11-03 in custom ferdinand tonnies illustrates the relationship of custom to various aspects of culture such as religion gender and family tonnies argues that all social norms are evolved from a basic sense of order which is largely derived from customs as such custom refers to the ideal and the desirable and it mediates subjective aspects of social life tonnies makes observations in custom that are just as true today as when they were written over a century ago the pivotal idea in tonnies work is the observation that custom like its individual counterpart habit has three distinct aspects a fact an actual way of conduct a norm a general rule of conduct and a will the analysis extended into the field of collective behaviour helps to explain how far custom can be regarded as a manifestation of a common will custom is a classic contribution in the grand canon of law and society scholarship moreover the volume introduces several key elements of tonnies work focusing on broader sociological thought which benefits both the theoretical understanding of law as an object of social science reflection as well as provides empirical insights into the roles of law in society

Australian Youth 2007 this custom edition is published for the university of south australia
