Spliffs 2013-07-29 a celebration of cannabis culture and those who enjoy it

Spliffs 3 2005-09-15 humans have used cannabis for thousands of years since neolithic peoples sought out its medicinal benefits but for the past century its use has been largely criminalized stigma around cannabis has made it difficult for people of all ages to get straightforward answers about how to minimize health risks related to cannabis consumption or to understand how the plant has shaped and continues to shape society today in weed cannabis culture in the americas culture writer caitlin donohue crafts a comprehensive and thought provoking review of cannabis in the western hemisphere donohue s investigation spans from vancouver canada to buenos aires argentina interviewing medical researchers educators activists artists business leaders and other experts to explore the long relationship between cannabis and the human race its almost universal prohibition in the twentieth century and modern efforts to legalize the much maligned plant in all its forms

Spliffs 2003 thanks to its best known use any mention of cannabis tends to bring up jokes about the munchies or debates about marijuana and legalized drug use but this not so innocent flowering plant was one of the first to be domesticated by humans and it has been used in spiritual therapeutic and even punitive applications ever since in addition to its more recreational purpose despite all the hoopla surrounding cannabis however we actually understand relatively little about it in the human and ecological past in cannabis chris duvall explores the botanical and cultural history of one of our most widely distributed crops presenting an even handed look at this heady little plant providing a global historical geography of cannabis duvall discusses the manufacture of hemp and its role in rope making clothing and paper as well as cannabis s use as oil and fuel his focus though is on its most prevalent use as a psychoactive drug without advocating for either the prohibition or legalization of the drug duvall analyzes a wide range of works to offer a better understanding of both stances and moreover the diversity of human cannabis relationships across the world in doing so he corrects the overly simplistic portrayals of cannabis that have dominated discourse on the subject arguing that we need to understand the big picture in order to improve how the plant is managed worldwide richly illustrated and highly accessible cannabis is an essential read to understand the rapidly evolving debate over the legalization of marijuana in the united states and other countries

Cannabis 2014-11-15 in the 4700 years since its first recorded use cannabis has been respected as a highly useful source of fibre food and medicine and vilified as a social menace society in the 21st century seems to be of both opinions doctors spend millions exploiting its medicinal value and thousands of people travel to amsterdam each weekend to sit in cafes to smoke copious amounts of dope free from molestation yet taking less than 30g 1oz back into their own countries is an offence and public figures who admit to smoking cannabis in their youth claim that they did so without inhaling this is cannabis does not preach the benefits or the deficits of cannabis instead it aims to provide the facts about cannabis in an authoritative straightforward way outlining the history laws and culture that have accreted around it its effects on health and the booming commercial potential

Spliffs 2 2005-09-28 today weed is en vogue and has evolved into a good looking business high on design showcases the new brands designs and creators behind this revolution while cannabis is a recreational drug still strongly associated with western subculture it has recently become a huge industry over the past few years consuming the herb and using its derivatives have become legal in several countries and a wave of entrepreneurs has come through looking to generate and bank on a new generation of consumers through insightful texts high on design reflects on the novel aesthetics people and trends of contemporary cannabis culture and provides a wider view of the phenomenon addiction crime science the marketing of weed as a booster of creativity and a medical aid and the use of hemp in clothing are all considered

Cannabis Culture 2003 emily post has gone to pot as we enter the dawn of a new post prohibition era the stigma surrounding cannabis use is fading and the conversation about what it means to get high is changing when it comes to being a respectful thoughtful and responsible consumer of pot there is a lot you need to know in higher etiquette lizzie post great great granddaughter of emily post and co president of america's most respected etiquette brand explores and celebrates the wide world of legalized weed combining cannabis culture's long established norms with the emily post institute's tried and true principles this book covers the social issues surrounding pot today such as how to bring it to a dinner party or give it as a gift why eating it is different from inhaling it how to respectfully use it as a guest why different strains affect you in different ways how to behave at a dispensary how to tackle pot faux pas such as canoed joints and lawn mowed bowls this handy guide also provides a primer on the diverse array of cannabis products and methods of use illuminating the many convenient and accessible options available to everyone from experienced users to newbies and the canna curious informative charming and stylishly illustrated this buzzworthy book will make the ultimate lit addition to your stash

Grow Like a Pro 2004-02-24 for the majority of its history the cultivation of cannabis did not stand out at least compared to the cultivation of other illegal plants cannabis plantations like coca bush or opium poppy plantations were typically large in size grown by local farmers in a handful of developing producing countries processed and then exported to industrial consuming nations while cocaine and heroin are still produced in a handful of developing countries cannabis cultivation is increasingly universal from europe to the americas and oceania import substitution in cannabis markets has been noticed in almost every developed country around the world with a notable aversion for discrimination geographical technological cultural and economic factors help to explain why indoor and outdoor domestic cultivation is well established and why the nature and extent of cultivation varies so dramatically across the western developed nations as we start the second decade of the 21st century the new cannabis industry continues to fascinate both casual and academic observers of the drug scene researchers around the world have become increasingly interested in the phenomenon aiming to describe and potentially explain the rapid switch from importation to domestic production in their own countries in bringing together some of the world's leading experts

on cannabis cultivation this book contains sixteen chapters that take an interdisciplinary look at global trends in cannabis cultivation it will serve as an exemplar for wider discussions of key theories and concepts relating to the spread not just of cannabis cultivation but also of illegal markets more generally the actors that operate within these markets and the policies and practices that are employed in response to developments within these markets

This is Cannabis 2011-08-01 the debate on the status and legality of cannabis continues to gain momentum here personal anecdotes combined with academic and scientific reports combine to sharpen some of the fascinating philosophical issues associated with cannabis use a frank professionally informed and playful discussion of cannabis usage in relation to philosophical inquiry considers the meaning of a high the morality of smoking marijuana for pleasure the slippery slope to more dangerous drugs and the human drive to alter our consciousness not only incorporates contributions from philosophers psychologists sociologists or legal pharmacological and medical experts but also non academics associated with the cultivation distribution and sale of cannabis brings together an international team of writers from the united states canada uk finland switzerland south africa and new zealand

High on Design 2020 this study examines the cultural history of cannabis and its various uses in the atlantic world over the past two centuries the author analyzes the orientalist mindset that colored western reception of the plant in the nineteenth century and the cultural associations that informed public perception and policy in the twentieth century

Higher Etiquette 2019-03-26 what exactly happens when you get stoned why does your mouth dry up and why do you become so interested in food and sex why can some people work when they re stoned and others can t what are the tobacco companies plans for exploiting the potential legal market how come there s so much cannabis found in prisons and how does it get there who brings it across national borders cannabisculture answers all these questions and more thirty years after the times ran an advertisement calling the law against cannabis immoral in principle and unworkable in practice the drug s legalisation has become a live political and social issue but there is surprisingly little information available on the drug from its medicinal properties to its function as a commodity which is traded on a global scale its role in various religions to the many ways in which it can be cultivated and its effect on the body and mind
