Assessment Methods in Recruitment, Selection & Performance

2007

in sleuthing the alamo historian james e crisp draws back the curtain on years of mythmaking to reveal some surprising truths about the texas revolution truths often obscured by both racism and political correctness as history has been hijacked by combatants in the culture wars of the past two centuries beginning with a very personal prologue recalling both the pride and the prejudices that he encountered in

the texas of his youth crisp traces his path to the discovery of documents distorted censored and ignored documents which reveal long silenced voices from the texan past in each of four chapters focusing on specific documentary finds crisp uncovers the clues that led to these archival discoveries along the way the cast of characters expands to include a prominent historian who tried to walk away from his first book an unlikely teenaged speechwriter for general sam houston three eyewitnesses to the death of davy crockett at the alamo a desperate inmate of mexico city s inquisition prison whose scribbled memoir of the war in texas is now listed in the guinness book of world records and the stealthy slasher of the most famous historical painting in texas in his afterword crisp explores the evidence behind the mythic yellow rose of texas and examines some of the powerful forces at work in silencing the very voices from the past that we most need to hear today here then is an engaging first person account of historical detective work illuminating the methods of the serious historian and the motives of those who prefer glorious myth to unflattering truth

public budgeting in search for an identity state of the art and future challenges provides a state of the art reflection on current trends in international public budgeting representing an important pillar in the accumulation of knowledge on public sector budgeting processes contents evolutions and critical issues budgeting is central in public sector organizations it performs a complex variety of functions being the arena where multiple actors cultures and professional identities interact making it an extremely fascinating field and topic of investigation there is a significant need and scope for exploring budgeting processes in the public sector today as a consequence of the managerial waves of reforms that have taken place over the last few decades and the implementation of austerity programmes as well as in light of current trends including emerging challenges related to community care and wellbeing rising inequality people flows

climate change pandemics and the persistence of democratic deficits the chapters in this volume address critical issues on this broad topic offering new perspectives on current evolutions in public budgeting including among others participatory budgeting performance budgeting the budgetary slack resources and the need to ensure balance between budget control and flexibility these contributions show that public budgeting can and must remain the subject of enduring interest in our studies the chapters in this book were originally published as a special issue of public management review
