## Integrating Immigrants in Europe

2015-06-02

this open access book explores how research and policymaking in the field of migrant integration have developed historically and how this interrelationship plays out in the strongly politicised climate of opinions on migration in europe it features interdisciplinary theoretical contributions as well as original empirical studies on research policy dialogues at both the eu and country level the chapters study not only how the dialogue between research and policy is structured such as advisory bodies research agencies and ad hoc committees but also how these dialogues affect policymaking and the development of migrant integration research itself as well the analysis reveals profound changes in the dialogue structures associated with the research policy nexus in the domain of migrant integration on the one hand dialogue structures have become more ad hoc often established in response to distinct political events or to specific problems on the other politicisation has not thwarted all efforts to develop more institutionalised dialogue structures between producers and users of knowledge in addition research has contributed to policymaking in very different ways in various european countries this edited volume is unique in this effort to reflect on the impact of research policy dialogues both on the development of migrant integration policies as well as on migrant integration research it will be of importance to scholars in this field as well as to policymakers and other stakeholders involved in migrant integration policymaking

## **Integration Processes and Policies in Europe**

2015-10-26

in this open access book experts on integration processes integration policies transnationalism and the migration and development framework provide an academic assessment of the 2011 european agenda for the integration of third country nationals which calls for integration policies in the eu to involve not only immigrants and their society of settlement but also actors in their country of origin moreover a heuristic model is developed for the non normative analytical study of integration processes and policies based on conceptual demographic and historical accounts the volume addresses three interconnected issues what does research have to say on the study of integration processes in general and on the relevance of actors in origin countries in particular what is the state of the art of the study of integration policies in europe and the use of the concept of integration in policy formulation and practice does the proposal to include actors in origin countries as

important players in integration policies find legitimation in empirical research a few general conclusions are drawn first integration policies have developed at many levels of government nationally locally regionally and at the supra national level of the eu second a multitude of stakeholders has become involved in integration as policy designers and implementers finally a logic of policymaking and not an evidence based scientific argument can be said to underlie the european commission s redefinition of integration as a three way process this book will appeal to academics and policymakers at international european national regional and local levels it will also be of interest to graduate and master level students of political science sociology social anthropology international relations criminology geography and history

## **Cities welcoming refugees and migrants**

2016-11-21

this book addresses the bigger picture of local european relations and adds a new dimension to existing studies on multilevel governance and the europeanisation of local government drawing from a combination of european integration theories and operational approaches it introduces the idea of an integration cycle in which local government responds to the top down impact of the eu internally horizontally and vertically this volume presents a wide range of empirical examples to demonstrate how local authorities across europe have changed their practices orientation and preferences and adapted their institutions and organisation not only do cities towns and counties cooperate with each other across borders and through transnational networks and partnerships but by mobilising formally and informally local actors participate in and influence european governance and contribute to the future trajectories of european integration thereby completing the integration cycle

## **Local Government in the European Union**

2021-09-30

die europäische integration betrifft längst nicht mehr nur die nationalstaatliche ebene die auswirkungen des europäischen einigungsprozesses stellen auch die regionen und die kommunen vor große herausforderungen gerade die europäisierung der lokalen gebietskörperschaften wurde bisher in der wissenschaftlichen auseinandersetzung wenig berücksichtigt das buch gibt einen umfassenden einblick in die vielschichtigen vernetzungen zwischen kommunaler und europäischer ebene zudem finden kommunen und kreise die europaaktivitäten entwickeln oder ausbauen möchten ausführliche informationen zu diesem themenkomplex mit der vermittlung von hintergrundwissen zur rolle der lokalen gebietskörperschaften im mehrebenensystem der eu zu den kommunalrelevanten gemeinschaftspolitiken und zu möglichkeiten der kommunalen interessenvermittlung soll dazu beigetragen werden die europakompetenz der kommunen zu steigern außerdem liefern beispiele aus der praxis vielfältige anregungen zur verbesserung des eigenen europaengagements

## **Europafähigkeit der Kommunen**

2007-12-30

investment in culture is broadly recognised as a key element in urban and regional development strategies the presence and quality of cultural activities is a major factor of attractiveness of a city and a measure of quality of living the culture for cities and regions project funded under the creative europe programme dg eac aims to examine existing practices of culture as a key element in local and regional development strategies as a result of the project 70 case studies are presented showcasing the positive impacts of cultural investment on economic development social inclusion and urban regeneration they address three main themes cultural heritage as a driver of economic growth and social inclusion cultural and creative industries as a motor for urban regeneration and economic vitality and culture for social inclusion social innovation and intercultural dialogue

## ***Successful Investments in Culture in European Cities and Regions***

2015

do the various aspects of europe s multi leveled public diplomacy form a coherent overall image or do they work against each other to some extent european public diplomacy pushes the literature on public diplomacy forward through a multifaceted exploration of the european case

### ***European Public Diplomacy***

2013-11-07

2016-06-09

this book is about both the symbolic and the real struggles for the control of the eu s agenda on participatory democracy in the last fifteen years the book analyzes how civil society organizations contributed to an agenda which has implications for the regulation of interest groups to the institutions and for the democratic legitimacy of the eu

## **Understanding Smart Cities: A Tool for Smart Government or an Industrial Trick?**

2017-04-13

this book assesses the processes and outcomes of international urban networks in europe from 2007 to the present day focusing on greece in particular it examines 162 municipalities involved in more than 240 european city networks to shed light on the various factors that affect cities capacities to act as international actors the book demonstrates that the participation of greek municipalities in european city networks has entailed changes to local political structures policies and procedures as well as the strengthening of a european identity and the creation of long term partnerships at the same time these changes have often clashed with bureaucratic traditions and unfavorable economic conditions which have mitigated the reformatory potential of european city networking providing important insights into city diplomacy and europeanization the book will appeal to scholars and students of public administration european integration and political science as well as professionals and practitioners

## **Comparative Study of Smart Cities in Europe and China 2014**

2015-08-26

bringing together an international forum of experts this book looks at how museums libraries and further public cultural institutions respond to the effects of globalisation mobility and migration across europe it puts forward examples of innovative practice and policies that reflect these challenges looking at issues such as how cultural institutions present themselves to and interact with multicultural audiences how to support networking across european institutions and share practice in core activities such as archiving interpreting and exhibiting artefacts academics practitioners from museums and public institutions and policymakers explore theoretical and practical approaches from a range of different disciplines such as museum and cultural heritage studies cultural memory studies social anthropology sociology of organizations cultural heritage management and cultural heritage informatics

## **Technology, Culture and Competitiveness**

2005-06-29

this title was first published in 2003 this book examines the development of urban policy instruments at the level of the eu primarily by the use of structural funds under the european commission s directorate general for regional policy this is the first book length analysis of the politics of eu urban policy the first section of the book concentrates on how and why the european commission with no clear mandate from the treaties for an urban policy has ventured into this area the second section examines in detail the implementation of one of these instruments in two specific cases london and marseilles this highlights the role of central and other levels of government in policy implementation the comparison between the cases brings important insights into the differences in local political structures and practices in france and the united kingdom the book demonstrates in depth knowledge and analysis of the policy area and relevant theoretical works this includes a

large volume of published and unpublished materials as well as valuable information obtained through a series of interviews the findings have general implications for relations between the commission and localities particularly the difficulties of involving ordinary people in european issues

## **Participatory Democracy and Civil Society in the EU**

2015-02-27

intercultural cities introduces a new model of local governance and policy in the age of diversity the model of intercultural integration this model has been built on the basis of experience in real life cities and with their active participation city to city mentoring and learning have played a key role in this process this volume explains what intercultural integration means in practice how it affects policies governance and citizenship public discourse media relations public services and the urban environment it reviews the processes that facilitate the development of intercultural strategies and presents a wide range of examples including the intercultural profiles of 11 cities across europe intercultural integration adds another dimension to the management of culturally diverse populations compared to previous models in particular multiculturalism in addition to non discrimination equal opportunities and cultural rights interculturalism focuses on building trust and cohesion by encouraging interaction and mixing between cultural groups in the public realm and encouraging a positive discourse and attitude to diversity within the community it also focuses on improving the efficiency of public services by making them more culturally sensitive and adapted to the needs of diverse users and on the need for specific services such as those dealing with intercultural mediation and conflict prevention

## **City Diplomacy and the Europeanisation of Local Government**

2023-06-10

this book shows how city and metropolitan regional governments working in tandem with national governments can change the way we think about responding to climate change

## **Migrating Heritage**

2016-04-22

can we sidestep tedious climate policy negotiations and forge a coalition of the willing instead many international organizations and scholars hope to spur local climate action by orchestration indirect and voluntary governance arrangements lena bendlin looks beyond the apparent success of voluntary initiatives using the example of the covenant of mayors often heralded as an exemplary multi level eu initiative five in depth case studies show why how and with what difficulties local governments engage in this voluntary commitment scheme the analysis identifies durability intensity and causality as crucial building blocks for more cautious orchestration theorizing and derives recommendations for appropriate incentives and support at the regional national and international level

## **Urban Policy in the European Union**

2018-05-08

the twenty first century is already an urban one cities are pivotal to sustainability concerns globalization climate change food security environmental protection and innovation today s urban actors both citizens and their leaders have a major responsibility as trustees of the future their present actions will influence the shape and structure of cities so that the generation to come may live healthy and contented lives this volume takes the reader straight to the heart of how cities work and identifies contemporary trends mechanism and tools that can influence current strategies and choices the authors show that urbanization is not a problem per se for

sustainable development but rather that cities in all their diversity and complexity offer solutions as well as challenges the reader will be inspired by vital analyses of the next decade s windows of opportunity for sustainable urban growth

## ***Intercultural Cities***

2010-01-01

this book examines the theory and praxis of the legal concept of subsidiarity and the policy paradigm of multilevel governance providing an updated overview on how subnational and national authorities engage within the eu institutional framework providing a theoretical assessment of real life case studies the book reflects on a number of key events from the negotiations of the european convention to the process that led to the brexit referendum and assesses the key agendas and institutional ethos of most actors involved in eu policymaking it particularly focusses on the eu engagement of so called non privileged actors such as subnational authorities from the uk germany austria italy the netherlands and scandinavia as well as national and regional parliaments the author goes on to examine the sometimes selfish behaviour and individual agendas of the european commission european parliament member states and even the european court of justice but also identifies many constructive ways of interaction that can decisively frame how eu decisions are made this comprehensive book will be a useful reference to students practitioners and academic researchers working in european politics policymaking public policy and eu law and integration

## **Cities and Climate Change**

2010-11-29

this book is about both the symbolic and the real struggles for the control of the eu s agenda on participatory democracy in the last fifteen years the book analyzes how civil society organizations contributed to an agenda which has implications for the regulation of interest groups to the institutions and for the democratic legitimacy of the eu

## **Orchestrating Local Climate Policy in the European Union**

2019-05-13

in recent years serious concerns emerged over the state of european democracy many democracy indices are reporting a year on year drift towards less liberal politics in the countries of the european union polls regularly suggest that the voters are coming to question democratic norms more seriously than for many decades here richard youngs assesses these risks as many analysts journalists and politicians stressed the danger of europe descending into an era of conflict driven by xenophobic nationalism and nativist authoritarians slowly dismantling liberal democratic rights in 2020 the covid 19 pandemic has intensified these fears there is another side of the democratic equation however youngs argues that governments eu institutions political parties citizens and civil society organisations have gradually begun to push back in defence of democracy with each chapter youngs shows how many governmental political and social actors have developed responses to europe s democratic malaise at multiple levels europe s democracy problems have been grave and far reaching yet a spirit of democratic resistance has slowly taken shape this book argues that the pro democratic fightback may be belated but it is real and has assumed significant traction with various types of democratic reform underway including citizen initiatives political party changes digital activism and eu level responses

## **Bruxelles en Europe, l'Europe à Bruxelles**

2007

this book challenges the concept of urban resilience by exploring its impact and limitations in three cities resilience has become a buzzword in science industry and policy and this volume offers a fresh perspective on urban resilience as a regulatory and constitutive principle of governance in cities cities constitute an extremely relevant playground for resilience as they are exposed to various disruptions from natural disasters and pandemics to political conflicts and terrorism this book traces the evolution of urban resilience from international development organizations to local governments and communities it explores how this concept was adopted and mobilized by different actors for different purposes and analyses the resulting resilience momentum in barcelona san francisco and santiago the book outlines the extent to which resilience has become a universal policy tool and a desired end state despite its clearly problematic definition it also contributes to the discussion about contemporary governance safety and security in times when their very nature and feasibility are being questioned this book will be of much interest to students of resilience studies urban studies development studies human geography and international relations

## **Cities**

2010-01-01

there are now more than three hundred city regions around the world with populations greater than one million these city regions are expanding vigorously and they present many new and deep challenges to researchers and policy makers in both the more developed and less developed parts of the world the processes of global economic integration and accelerated urban growth make traditional planning and policy strategies in these regions increasingly inadequate while more effective approaches remain largely in various stages of hypothesis and experimentation global city regions represents a multifaceted effort to deal with the many different issues raised by these developments it seeks at once to define the question of global city regions and to describe the internal and external dynamics that shape them it proposes a theorization of global city regions based on their economic and political responses to intensifying levels of globalization and it offers a number of policy insights into the severe social problems that confront global city regions as they come face to face with an economically and politically neoliberal world at a moment when globalization is increasingly subject to critical scrutiny in many different quarters this book provides a timely overview of its effects on urban and regional development one of its most important but perhaps least understood corollaries the book also offers a series of nuanced visions of alternative possible futures
