Changing Practices, Changing Education 2013-11-08  
this book aims to help teachers and those who support them to re imagine the work of teaching learning and leading in particular it shows how transformations of educational practice depend on complementary transformations in classroom school and system level organisational cultures resourcing and politics it argues that transforming education requires more than professional development to transform teachers it also calls for fundamental changes in learning and leading practices which in turn means reshaping organisations that support teachers and teaching organisations as the cultures the resources organisations provide the way we distribute and the relationships that connect people with one another in organisations the book is based on cooperative learning in higher education across the disciplines across the academy new pedagogies and practices for teaching in higher education
