the abomination of desolation prophecy in daniel 9 24 27 appears to be at the center of confusion of most end time prophecy interpretations the errors come when prophecy writers conjoin the abomination of desolation prophecy of daniel 9 24 27 with paul s man of sin prophecy found in 2 thessalonians 2 3 4 daniel 9 24 27 24 seventy weeks are determined upon thy people and upon thy holy city to finish the transgression and to make an end of sins and to make reconciliation for iniquity and to bring in everlasting righteousness and to seal up the vision and prophecy and to anoint the most holy 25 know therefore and understand that from the going forth of the commandment to restore and to build jerusalem unto the messiah the prince shall be seven weeks and threescore and two weeks the street shall be built again and the wall even in troublous times 26 and after threescore and two weeks shall messiah be cut off but not for himself and the people of the prince that shall come shall destroy the city and the sanctuary and the end thereof shall be with a flood and unto the end of the war desolations are determined 27 and he shall confirm the covenant with many for one week and in the midst of the week he shall cause the sacrifice and the oblation to cease and for the overspreading of abominations he shall make it desolate even until the consummation and that determined shall be poured upon the desolate daniel 9 24 27 2 thessalonians 2 3 4 3 let no man deceive you by any means for that day shall not come except there come a falling away first and that man of sin be revealed the son of perdition 4 who opposeth and exalteth himself above all that is called god or that is worshipped so that he as god sitteth in the temple of god shewing himself that he is god 2 thessalonians 2 3 4 thus believers by and large are waiting for a temple to be built in jerusalem on temple mount and for the antichrist to set himself up therein to then break a seven year treaty with israel half way through they fail to realize paul s use of the term temple applies to the body of believers and no longer a physical structure that was done away in christ 16 know ye not that ye are the temple of god and that the spirit of god dwelleth in you 17 if any man defile the temple of god him shall god destroy for the temple of god is holy which temple ye are 1 corinthians 3 16 17 16 and what agreement hath the temple of god with idols for ye are the temple of the living god as god hath said i will dwell in them and walk in them 2 corinthians 6 16 the body of christ has been seriously misled by such a simple mistake paul s new covenant definition of temple must be used when interpreting paul s own temple prophecies this title addresses many other prophecies including the whore of babylon the woman who flees into the wilderness the man of sin etc this title is also available on kindle and nook click on the link under the add to cart button

during and especially after world war ii a group of leading scholars who had been perilously close to the war s devastation joined others fortunate enough to have been protected by distance in an effort to redefine and reinvigorate liberal ideals for a radically new age treating evil as an analytical category they sought to discover the sources of twentieth century horror and the potentialities of the modern state in the wake of desolation in the process they devised strikingly new ways to understand politics sociology and history that reverberate still in this major intellectual history ira katznelson examines the works of hannah arendt robert dahl

richard hofstadter harold lasswell charles lindblom karl polanyi and david truman detailing their engagement with the larger project of reclaiming the west's moral bearing in light of their epoch's calamities these intellectuals insisted that the tradition of enlightenment thought required a new realism a good deal of renovation and much recommitment this array of historians political philosophers and social scientists understood that a simple reassertion of liberal modernism had been made radically insufficient by the enormities and moral catastrophes of war totalitarianism and the holocaust confronting dashed hopes for reason and knowledge they asked not just whether the enlightenment should define modernity but also which enlightenment we should wish to have
