**Your Personal Guidebook To Quality Living**

2018-03-02 most self help books don't work why they are not about you they are too general and don't directly apply to your life don't you just want a book with answers in it wouldn't that be nice a book with answers to issues like how do i deal with that whacko neighbor and how do i stop yelling at my television don't worry i know you're just asking for a friend oh no it's not you but you know who i'm talking about you want a book that will tell you how to cope with or completely avoid those people you don't want a rulebook you already break all the rules so that won't help you're looking for a kind of guidebook with ideas and suggestions you know just stuff to think about you don't want to have to do anything like remember stuff follow rules and make lists you want a guidebook to tell you the answer to anything you want to know and how to enjoy it well this is it this book will explain how you can do what you like to do and how to enjoy doing it better yet you are able to personalize all of this information so it has greater meaning greater impact and greater results really does it regrow hair this really is the real deal this book shows you how to personalize all of this stuff and suddenly this stuff has meaning for you and a real application in your life you'll learn how to open your mind become smarter wiser and have more fun you don't have to do anything you don't want to do or have a differing viewpoint about nothing is required except that you make some small effort i mean you invested in this book with the hope of gaining something from it why not try some of this stuff none of this stuff is difficult or fattening it's cool stuff and you look good doing it this is a guidebook especially for your life i mean you personally your life it contains all of the answers to all of your personal questions

this is a guidebook for making good decisions as you personalize what you read and think about it in its simplest form everything becomes possible this guidebook can help you accomplish anything no you can't learn how to fly but this guidebook can change your life by showing you how to propel your efforts in the right direction it's easy it's fun there is no test and it's free what's the catch there's always a catch no book can do all that the catch is that you have to implement some of these ideas and suggestions into your life by writing your own notebook workbook guidebook manual you have to do something you're going to do something anyway why not do this the good news is that all these ideas and suggestions are either easy to do highly rewarding or both some of this stuff is common sense and some of this stuff you already know common knowledge on some level we just never think about it but if you were to take a few moments and think about this stuff you can start to get some interesting to life changing insights that leads to positive physical changes in your world read on and understand how it's done go ahead and change your life quality living isn't about getting rich it's about creating a mindset that makes you happy creating a lifestyle that is rewarding and fulfilling for you and those around you money does not buy happiness it does buy a certain level of comfort but happiness comes from within and eighty percent of happiness comes from fulfillment your personal guidebook to quality living will show you how to bring fulfillment into your life your world i wrote this book to truly help others because i believe i've found a way that actually works where most other books fail i truly want to help you the principles and practices laid out in this book have transformed my life and i wish the same for you
