The Battle for Scotland 1992

andrew marr s first book tells the distinctive story of scottish politics now updated with a new introductory chapter we may be about to see a new country indeed two new countries emerging on these islands half a lifetime ago i sat down to write this book as a work of history as it s aged it s become current affairs just twenty years ago it seemed impossible that scotland would ever get home rule let alone full independence yet very soon there will be a scottish referendum which will not only decide on this matter but which will have profound consequences for the future of all people on these islands in the battle for scotland first published in 1992 andrew marr provides the historical backdrop to these extraordinary events he attempts to explain the deep sources of scottish national feeling and the political will which has brought us to this deeply uncertain time and in a substantial new introduction marr considers how we got here so suddenly what the stakes really are and what the questions every voting scot and every non voting uk citizen will be asking themselves andrew marr was born in glasgow he graduated from cambridge university and has enjoyed a long career in political journalism working for the scotsman the independent the economist the express and the observer from 2000 to 2005 he was the bbc s political editor andrew s broadcasting includes series on contemporary thinkers for bbc 2 and radio 4 political documentaries for channel 4 and bbc panorama and radio 4 s start the week

Return of a King 2014-01-01

a towering history of the first afghan war by bestselling historian william dalrymple in the spring of 1839 the british invaded afghanistan for the first time led by lancers in scarlet cloaks and plumed shakos nearly 20 000 british and east india company troops poured through the high mountain passes and re established on the throne shah shuja ul mulk on the way in the british faced little resistance

Armageddon 2015-02

one of the greatest military feats during the second world war was the transformation of the german force s activities in the weeks following the battles in holland and the german border where the allies had finally inflicted the greatest catastrophes of modern war on them somehow the germans found the strength to halt the allied advance in its tracks and to prolong the war to 1945 this book is the epic story of those last eight months of the war in northern europe

The Battle for France & Flanders 2001-10-25

the fall of france in 1940 has been well chronicled but numerous misconceptions remain this fascinating and thought provoking collection of essays on wide ranging issues covering the politics and fighting on land sea and in the air will be greatly

welcomed by academics and military history enthusiasts topics covered include the preparations of the battle the failure of allied counter attacks the air war the royal navy's role in the campaign the influence of the battle on british military doctrine and the repercussions from the british french and german angles

The Battle for Roar 2022-05-10

the final book in the thrilling trilogy about a set of twins who journey back into the imaginary land they created as children perfect for readers who dream of exploring narnia and neverland this heartwarming and gorgeously illustrated story with a classic feel takes readers on an adventure through a vivid and lush imaginary world a bestseller in the uk arthur and rose trout are the heroes of roar a magical world they created together when they were little where anything they imagine can become real roar is filled with incredible wonders from their own imaginations arthur and rose are looking forward to exploring beyond the end of roar an as yet unexplored part of the world when they arrive they're greeted by some long forgotten fairies who are very excited to see them maybe too excited facing down a new nemesis arthur and rose must team up with friends old and new to save both roar and the real world beyond it from total destruction

world war ii killed 50 million people destroyed swathes of europe s cultural heritage devastated its economy depraved its politics

and devalues the very basis of its civilization it was the greatest and most terrible conflict in history and as such it has always been the centre of controversy

The Battle for History 1995

the battle for europe brings into sharp focus the historical importance of the current political economic and social turmoil in europe thomas fazi explains what has happened in europe following the financial crash of 2008 as a classic case of economic shock doctrine and the first instance in history where such therapy has been applied to an entire continent fazi argues that the eu s insistence on pursuing austerity despite its failure as policy and the creation of human suffering shouldn t be viewed simply as a case of short sightedness but as an attempt by the wealthy elite to do away with the last remnants of the welfare state and complete the neoliberal project as well as offering an urgent critique of the eu as currently constituted the battle for europe showcases a programme for progressive reform drawing on the experience of movements and groups such as the popular left party syriza in greece

The Battle for Europe 2014-02-20

a harrowing and incisive high quality battle history from one of the world s finest military historians booklist the allied attack of normandy beach and its resultant bloodbath have been immortalized in film and literature but the us campaign on the beaches of western italy reigns as perhaps the deadliest battle of world war ii s western theater in january 1944 about six months before d day an allied force of thirty six thousand soldiers launched one of the first attacks on continental europe at anzio a small coastal city thirty miles south of rome the assault was conceived as the first step toward an eventual siege of the italian capital but the advance stalled and anzio beach became a death trap after five months of brutal fighting and monumental casualties on both sides the allies finally cracked the german line and marched into rome on june 5 the day before d day richly detailed and fueled by extensive archival research of newspapers letters and diaries as well as scores of original interviews with surviving soldiers on both sides of the trenches anzio is a relentlessly fascinating story with plenty of asides about individuals experiences publishers weekly masterly a heartbreaking beautifully told story of wasted sacrifice the washington post

an unprecedented analysis of the crucial but underexplored roles the united states and other nations have played in shaping syria s ongoing civil war one of the best informed and non partisan accounts of the syrian tragedy yet published patrick cockburn independent syria s brutal long lasting civil war is widely viewed as a domestic contest that began in 2011 and only later drew foreign nations into the fray but in this book christopher phillips shows the crucial roles that were played by the united states russia iran saudi arabia turkey and qatar in syria s war right from the start phillips untangles the international influences on the tragic conflict and illuminates the west s strategy against isis the decline of u s power in the region and much more originally published in 2016 the book has been updated with two new chapters

The Battle for Syria 2020-09-22

in september 1943 the german army marched into rome beginning an occupation that would last nine months until allied forces liberated the ancient city during those 270 days clashing factions the occupying germans the allies the growing resistance movement and the pope contended for control over the destiny of the eternal city in the battle for rome robert katz vividly recreates the drama of the occupation and offers new information from recently declassified documents to explain the intentions of the rival forces one of the enduring myths of world war ii is the legend that rome was an open city free from

military activity in fact the german occupation was brutal beginning almost immediately with the first roundup of jews in italy rome was a strategic prize that the germans and the allies fought bitterly to win the allied advance up the italian peninsula from salerno and anzio in some of the bloodiest fighting of the war was designed to capture the italian capital dominating the city in his own way was pope pius xii who used his authority in a ceaseless effort to spare rome especially the vatican and the papal properties from destruction but historical documents demonstrate that the pope was as concerned about the partisans as he was about the nazis regarding the partisans as harbingers of communism in the eternal city the roman resistance was a coalition of political parties that agreed on little beyond liberating rome but the partisans the organized military arm of the coalition became increasingly active and effective as the occupation lengthened katz tells the story of two young partisans elena and paolo who fought side by side became lovers and later played a central role in the most significant guerrilla action of the occupation in retaliation for this action the germans committed the ardeatine caves massacre slaying hundreds of roman men and boys the pope s decision not to intervene in that atrocity has been a source of controversy and debate among historians for decades but drawing on vatican documents katz authoritatively examines the matter katz takes readers into the occupied city to witness the desperate efforts of the key actors oss undercover agent peter tompkins struggling to forge an effective spy network among the partisans german diplomats working against their own government to save rome even as they condoned the nazi repression of its citizens pope pius xii anxiously trying to protect the vatican at the risk of depending on the occupying germans who maintained order by increasingly draconian measures and the u s and british commanders who disagreed about the best way to engage the enemy turning the final advance into a race to be first to take rome the battle for rome is a landmark work that draws on newly released documents and firsthand testimony gathered over decades to offer the finest account yet of one of the most dramatic episodes of world war ii
