AlturaSolutions Communicaitons Presents the Janitorial Contractors Bible 2003

this book chronicles god s involvement with america in the past up to the present times while researching america s birth it is easy to witness the hand of god working through faithful men to help create the foundations of this great country this is easily demonstrated through the words of the founding fathers and the miraculous victory of a small rag tag militia over the world s greatest superpower of the day great britian the author also demonstrates amazing parallels between the formation of this country and god s work in the creation of israel in the days of david and solomon during the middle 1800s many religions and philisophies began to pervade the american consciousness many cults found there growth out of this time peroid and the world was reshaped by the philosophical outgrowth of darwinism and his godless explanation of the evolution of life eugenics followed on the heels of darwinism which set the stage for the bloodiest century in the history of humanity this paradigm shift in the american consiousness reached its full fruition in the creation of the federal reserve the great depression and the carnage of wwi and wwii humanity s answer to the carnage of wwii was not to repent to a holy god but to create the foundation of a one world superstate known as the united nations the united nations will never be able to achieve its stated goal as long as the united states is more powerful that this organization nevertheless since the u s has drifted so far from god s word we find that the ultimate fate of our country is sealed by our revelations of god and his judgment you will be amazed to discover just how much the bible has to say about america s future

The Millionaires Bible Vol. 2 2008-08

soft and clean carpets are very nice they are cozy inviting and they make us enjoy our time at home a little more but with our hectic lives filled with responsibilities and work we often neglect the importance of keeping our carpets clean which makes them lose their appeal over time rugs and carpets which are covered with coffee grease or urine

stains can be off putting at best they turn your carpet from a blissful place to step on into a smelly mess you want to get rid of in this book you will discover chapter 1 grease and tar stains chapter 2 makeup stains chapter 3 nail polish stains chapter 4 red wine stains chapter 5 blood stain chapter 6 watermarks and stains and so much more get your copy today

a lost boy chronicles mike s relentless search and misguided pursuit of a false and elusive freedom only to receive what he desperately longed for through the one true savior he intentionally avoided if you have experienced trauma feelings of worthlessness divorce failure as a parent addiction or financial loss this book will provide an honest account of healing restoration peace and transformation into a new life of hope lived under the covering and protection of our father s promises authentic freedom has a cost but it is a gift freely given to those willing to surrender to the goodness of god

The Pressure Cleaning Bible: Marketing 1972

washington the army official who managed the pentagon s largest contract in iraq says he was ousted from his job when he refused to approve paying more than 1 billion in questionable charges to kbr james risen new york times june 17 2008 this book by that very army official provides an eye opening firsthand account of how the us government hands over your tax dollars to support contractors like kbr and halliburton rather than supporting the troops this authoritative and well documented record of the logcap contract in iraq and afghanistan is at the same time a study of us participation in iraq and afghanistan as well as the workings of government agencies and congress the first chapter sets the scene briefly narrating the author s work on behalf of us military efforts especially in iraq subsequent chapters illustrate specific issues in contractor relations that resulted in unsafe conditions for the troops and blew millions of taxpayer dollars loyal and hard working government officials and employees who tried to keep things on track were turned away and those who sought to rein in the free for all were sacked the author reveals problems with kbr s provision of transportation electricity food and water other chapters are more analytic and evaluate army logistics congressional oversight and the question of whether letting contracts for this kind of support is appropriate at all the kind of problems that concern military policy leaders defense analysts public policy analysts and scholars in these areas as well as the citizens in whose name this is all done

Supplemental Appropriations for Fiscal Year 1973, Hearings Before ... 929-2 1969

america one of the most religious countries in the world is also the most violent do god and war define the american spirit as much as apple pie and baseball this unsettling book illustrates how bellicose war like language is used to explain the spiritual quest it explores the violence of god tradition as it exists in all religions including buddhism

and then examines how this dynamic is flipped with political leaders using spiritual and religious language to sell war to the general public although god and religion have often been used to sell war in the united states this has been especially true since 9 11 after surveying the relationship of war and the spiritual quest in the major world religions this study concludes with an overview of how that dynamic has affected the contemporary american public discourse on war does this intermingling of war and spirituality prepare the population for the coming of war the institutional blending of the sacred and human aggression appear to be fundamental to human society the second section of the book concentrates on the political language and speeches of american politicians since 2002 following the run up to the iraq war and its continuation over the past decade showing how this mystical war conflation permeates american society
