Microsoft Excel for Stock and Option Traders

2011-04-18 noted technical analyst John Person outlines a comprehensive method to pinpointing today's best trading opportunities. The economy and stock market are heavily influenced by seasonal factors. For example, a strong holiday buying season tends to be bullish for retail stocks, or rising energy costs hurt airline profitability. Awareness of seasonal trends in both the economy and stock market can put you in a better position to profit from sectors and stocks that are likely to outperform the overall market. Technical tools can then be used to confirm emerging trends and time entries into these stocks and sectors. Mastering the stock market provides authoritative insights into a method for trading stocks based on seasonal trends, sector analysis, and market timing. Taking a top-down approach, the book explains how seasonal supply and demand forces impact commodities and different sectors of the stock market. After learning how to identify stock market sectors and commodity ETFs that are ripe for a big move, you'll quickly discover how to use technical trading tools and techniques for

the psychology of trading tools and techniques for

to gauge the strength of the sector or commodity and then identify the strongest stocks and etfs to trade along the way you ll also learn how to use the author s own indicators persons pivots to identify support resistance areas and pinpoint optimal entry and exit points outlines a proven technical approach for trading stocks based on seasonal trends sector analysis and market timing breaks new ground in comparative relative strength trading volume breadth indicators and utilizing pivot analysis in conjunction with options expiration days to identify trading opportunities written by noted technical analyst john l person to successfully trade today s markets you need to use a proven approach and have the discipline to effectively implement it mastering the stock market has what you need to achieve these goals and capture consistent profits along the way

Mastering the Stock Market 2012-12-10 do you want to learn the best strategies for swing trading do you want to know the right tools and techniques to profit from outstanding short term trading opportunities if yes then keep reading swing trading is a mix of other basic trading strategies it isn t as fast paced and stressful as scalping or day trading but it also isn t as slow as position trading swing trading is perfect for anyone who wants to use the psychology of trading tools and techniques for
