The Senate of the Fifth French Republic 2009-11-15

paul smith examines how the senate has attempted since 1958 to locate itself within the french semi presidential system how it asserts its place in relation to president government and national assembly and how it has sought in recent years to develop an autonomous and particular sense of identity through its special relationship with the fundamental building block of french political culture local government by placing itself at the heart of the continuing debate over decentralization and the jacobin state

The Fifth French Republic 1976

a complete course in understanding speaking french

The Fifth French Republic, Institutions and Politics 1968

this book explores the following what is the art of power what is the art of french power how did charles de gaulle understand and assert power establishing the fifth republic and breaking centuries of political instability how well or poorly have his successors wielded the art of french power to define defend or enhance french interests

French 2008

the promulgation of the fifth french republic constitution in 1958 marked the end of a complex constitutional history that has since 1789 seen more than twenty constitutions and five republics lasting now for more than fifty years the fifth republic constitution has proven to be the right settlement for the french people a consensual text however while offering the appearance of stability the fifth french republic constitution has often been reconsidered and changed not least in the year of its fiftieth anniversary when the constitution was modernised these dynamics of the fifth republic constitution are neither a recent matter nor entirely the result of the successive constitutional amendments instead the history of the constitution has involved the resurgence of repressed archaic elements from the ancient regime while the social economic and environmental contexts have penetrated not only the text itself but more extensively its spirit and behind it the philosophy and our perception of the republic in dynamics in the french constitution david

marrani questions the foundations of the french fifth republic in using specific themes current and traditional debates contemporary and archaic factors that have enlightened the road of long lasting republic the book explores some of the changes of the last fifty years and the tensions that are present within the constitutional text in combining theoretical concepts of constitutional law with key contemporary and historical developments such as the european integration the response to environmental challenges the practice of human rights and the pillars supporting french republicanism this book offers varied and creative tools for a better understanding of the republic of today

France Steadfast and Changing 1960

an analysis of the first half of françois hollande s five year presidential term that examines the strengths and weaknesses of presidential politics following the left s return to power in 2012 and puts forward an interpretation of the underlying nature of contemporary french politics and the french fifth republic

The Impact of the Fifth Republic on France 2021-07

after the collapse of communism some thirty countries scrambled to craft democratic constitutions surprisingly the constitutional model they most often chose was neither the pure parliamentary model found in most of western europe at the time nor the presidential model of the americas rather it was semi presidentialism a rare model known more generally as the french type this constitutional model melded elements of pure presidentialism with those of pure parliamentarism specifically semi presidentialism combined a popularly elected head of state with a head of government responsible to a legislature borrowing constitutional designs questions the hasty adoption of semi presidentialism by new democracies drawing on rich case studies of two of the most important countries for european politics in the twentieth century weimar germany and the french fifth republic cindy skach offers the first theoretically focused and historically grounded analysis of semi presidentialism and democracy she demonstrates that constitutional choice matters because under certain conditions semi presidentialism structures incentives that make democratic consolidation difficult or that actually contribute to democratic collapse she offers a new theory of constitutional design integrating insights from law and the social sciences in doing so skach challenges both democratic theory and democratic practice this book will be welcomed not only by scholars and practitioners of constitutional law but also by those in fields such as comparative politics european politics and history and international and public affairs

French for Everyone Junior: 5 Words a Day 2015-10-08

the french fifth republic presidency has emerged as one of the most powerful executives in western society this book is a study of how the power of the presidency was created and maintained it investigates the political skills of the office holders and the way in which the coalition supporting the presidency has been brought together and sustained and how it has been on occasion lost the book s analysis of leadership in the fifth republic draws out the skills and manipulation of the successive presidents as well as the resources of the cultural and political contexts amongst the topics considered as part of the presidential system are the constitutions the referendum foreign policy europe may 68 giscard d estaing s centrist septennate cohabitation and neo gaullism these issues are treated as crucial elements in presidential power and help to illustrate the foundations of presidential authority the main contention is that the presidency has been created and sustained by political acts of a high order which have involved the mobilization of certain symbols culture and political forces

TYS COMPLETE FRENCH 2015-05-09

the result is a fascinating dialogue of how these representatives agreed or disagreed with ignored imitated or responded to each other at a critical moment in the development of european ideas about sexual desire fulfillment morality and gender this heterogeneous discussion also offers a startling glimpse into the construction of gender specific to this moment when men and women enjoyed equal status in sexual matters if nowhere else in a pervasively patriarchal society where male dominance was virtually unquestioned sexual relations appear here as an exception in varied ways each spokesman argues for the equality of men and women in sexual matters a proposition that received scientific undergirding from the galenic theory of the two sperm distributed between male and female and that would give way in the thirteenth century to the aristotelian theory of the single male sperm

France in the Hollande Presidency 1961

recalling toqueville s exhortation for the french to look to america for a better understanding of their own government john rohr returns the favor by revealing how much we can learn about american constitutionalism from a close study of french governance the french and american republics both emerged from the same revolutionary era and share a common commitment to separation of powers rule of law and republicanism even so the two constitutional traditions are quite different france after all has replaced its constitution at least thirteen times since 1789 while the american constitution has endured essentially intact yet as rohr shows french constitutionalism merits our careful attention focusing upon the founding of the french fifth republic and the drafting of its constitution rohr compares the nations divergent approaches to executive legislative and judicial power independent administrative authority and discretion and the relation of administrative law to statutory law his analysis of france s divided versus our unified executive the two presidents exceptional powers and their influence on the legislative process provides particularly fresh insights into how the two constitutional traditions promote and inhibit the capacity for administrative action rohr shows that french administrative institutions are much more thoroughly developed than their american counterparts due to recurrent presidential and constitutional crises without such a strong public administration daily life in france would likely be extremely unstable if not quite chaotic the proper role of the french institutions he suggests is largely determined by their relationship to elected officials whereas their american counterparts are essentially shaped by the constitutional order a model for future comparative work in constitutional law and public administration rohr s study should help us see that the constitutional path we ve pursued wasn t the only possibility and why we ve chosen that route nevertheless as such it should have great appeal for students teachers and practitioners in u s and french law politics and public administration

French Fifth Republic: Constitutional Developments, African Prospects, European Integration 1977

the new style presidency is agreed to be the key institution of the french fifth republic in that it helps to ensure the stability and effectiveness of the political system something that france has been seeking since the revolution of 1789 yet paradoxically no comprehensive study of the french presidential phenomenon exists the accumulated experience of 1959 91 extending over the presidential terms of de gaulle pompidou giscard d estaing and

mitterrand permits a comparative study of their institutional and personal roles in the political process

Founding Republics in France and America 1993

fifty years after the creation of the fifth republic french politics is undergoing profound changes the election of nicolas sarkozy has announced a general review of the french political system a special committee the comité constitutionnel is currently drafting a catalogue of potential reforms debates focus on issues like presidentialization parliamentary scrutiny of the executive or the creation of a popular initiative to trigger constitutional review of given legislative texts these discussions reflect long standing trends in the fifth republic this volume aims at analysing those trends and at outlining the major perspectives for future development in particular it puts the french political system in comparative perspectives and provides in depth analysis of the evolution of the major political institutions and their relations the volume argues that substantial reforms have helped to partially reshape french politics yet it also shows that the fundamental characteristics of semi presidential government have stood firm the question is whether current debates and subsequent reforms are likely to alter the current pattern this book was published as a special issue of west european politics

De Gaulle to Mitterrand 2018-10-24

this up to date new analysis of the french communist party reveals it as an entirely unconventional political force a leninist bureaucracy armed with an apocalyptic mission to delivery humanity from capitalism d s bell and byron criddle explore the party s unique organizational structures and international loyalties they examine structure and ideology relations with the socialist party electoral performance and the 1980s decline in fortune this study will be essential reading for all students of contemporary french history and politics
